What is AirAd?

AirAd is a revolutionary local advertising platform that uses Augmented Reality (AR) technology to connect customers with businesses like yours. When customers use the AirAd mobile app, they can see your business floating in the real world through their phone camera - making you impossible to miss!

Think of AirAd as your digital billboard in the sky. Instead of being lost in traditional search results, your business becomes a visible, interactive destination that customers can discover naturally as they explore their surroundings.

Why Use the Vendor Portal?

The AirAd Vendor Portal is your command center for managing your business presence on our platform. Through this portal, you can:

🎯 Claim Your Business

Verify ownership and take control of your business listing

📊 Track Performance

Monitor customer engagement and visibility metrics

🎉 Run Promotions

Create discounts, happy hours, and special offers

🤖 Voice Bot Setup

Configure automated customer service for your business

Section 3 — Claiming Your Business

Why Claim Your Business?

Claiming your business verifies you as the legitimate owner and unlocks powerful features to manage your presence on AirAd. Only verified businesses can:

1. Edit business information and photos
2. Create promotional campaigns
3. Access customer analytics
4. Configure voice bot automation
5. Upgrade to premium subscription tiers

Step-by-Step Claim Process

Step 1: Start the Claim Process

From your dashboard, click the "Claim Your Business" button or navigate to the Profile section and select "Claim Business."

Step 2: Enable Location Detection

The portal will request access to your location to show nearby businesses. Click "Allow" when prompted by your browser. This helps us find businesses close to your current location.

> 💡 **Location Accuracy:** For best results, enable location services while physically at your business location. This ensures the most accurate nearby listings.

Step 3: Find Your Business

You'll see a map and list view of businesses in your area. Use these tools to locate your business:

1. **Map View:** Browse businesses visually on the interactive map
2. **List View:** See all nearby businesses in a scrollable list
3. **Search Bar:** Type your business name or address for quick results
4. **Filter Options:** Filter by business category or distance

Step 4: Initiate the Claim

Once you find your business, click the "Claim This Business" button. You'll be asked to confirm this is the correct business before proceeding.

Step 5: OTP Verification

For security, we'll send a verification code to the business phone number on file. This ensures only legitimate business owners can claim listings.

1. Enter the 6-digit OTP code when you receive it
2. The code expires after 10 minutes
3. If you don't have access to the business phone, proceed to manual verification

Step 6: Manual Verification (Alternative)

If you can't receive OTP verification, you can verify manually by uploading documentation:

1. Click "Verify Manually" when OTP fails
2. Upload one of the following documents:
    - 3 Business registration certificate
    - 4 Utility bill with business address
    - 5 Business license or permit
    - 6 Tax registration document

7. Ensure documents are clear and show your business name and address
8. Submit for review by our verification team

⚠️ **Processing Time:** Manual verification typically takes 1-2 business days. You'll receive an email notification once your claim is approved.

After Claim Approval

Once your claim is verified, you'll have full control over your business listing. You can immediately:

1. Edit business information, hours, and photos
2. Create your first promotional campaign
3. Access basic analytics and customer insights
4. Upgrade to premium subscription tiers

💡 **Congratulations!** You're now ready to maximize your business visibility on AirAd. Start by completing your business profile to attract more customers.

Section 5 — Managing Your Profile

Your Business Profile is Your Digital Storefront

Your business profile is what customers see when they discover your business on AirAd. A complete, accurate profile builds trust and attracts more customers. This section covers everything you need to know about managing your business information.

Accessing Profile Management

To manage your business profile:

1. Log into your Vendor Portal dashboard
2. Click "Profile" in the left sidebar menu
3. You'll see all editable sections of your business profile

Basic Business Information

Keep your core business details accurate and up-to-date:

1. **Business Name:** Your official business name as customers know it
2. **Category:** Select the primary category that best describes your business
3. **Address:** Complete physical address for accurate location mapping
4. **Phone Number:** Main business contact number
5. **Website:** Your business website URL (optional)
6. **Email:** Customer service email address

💡 **Accuracy Matters:** Ensure your address is precise. Customers use GPS navigation to find your business, and incorrect addresses can lead to lost customers.

Business Hours

Set your operating hours to let customers know when you're available:

1. Click "Edit Business Hours" in your profile section
2. Set opening and closing times for each day of the week
3. Mark days when you're closed (holidays, maintenance, etc.)
4. Add special notes for irregular hours or seasonal changes
5. Click "Save" to update your hours immediately

⚠️ **Customer Experience:** Outdated business hours frustrate customers. Update your hours promptly when they change, especially for holidays or special events.

Logo and Photos

Visual content helps customers recognize and trust your business:

1. **Business Logo:** Upload your official logo in high resolution
   - 2. Recommended size: 400x400 pixels
   - 3. Format: PNG or JPG
   - 4. File size: Maximum 5MB
5. **Business Photos:** Upload multiple photos to showcase your business
   - 6. Storefront/entrance photos
   - 7. Interior shots showing ambiance
   - 8. Product or service photos
   - 9. Team photos (optional)
10. Drag to reorder photos - the first photo becomes your primary image

11. Click "Save Changes" to update your visual content

> 💡 **Photo Quality:** Use bright, clear photos taken during business hours. Natural lighting works best. Avoid blurry images or photos with visible watermarks.

Business Description

Tell customers what makes your business special:

1. Write a compelling business description (maximum 500 characters)
2. Highlight what makes you unique
3. Mention your specialties or signature offerings
4. Include any awards or recognition
5. Use keywords customers might search for

Category Tags

Category tags help customers discover your business when browsing or searching:

1. Select up to 5 relevant category tags from the predefined list
2. Choose tags that accurately describe your products/services
3. Consider what customers might search for when looking for businesses like yours
4. Popular tags include: "family-friendly," "outdoor seating," "wifi," "delivery," etc.

Profile Completion Tips

A complete profile performs better in customer searches and builds more trust:

✅ Must-Have Elements	🌟 Trust Builders
	Professional logo, quality photos, website link, customer reviews

Accurate address, current hours, working phone number, business description

🎯 Discovery Boosters

Relevant category tags, detailed description, special features highlighted

📱 Mobile Optimization

Ensure all information displays well on mobile devices

💡 **Profile Score:** Your dashboard shows a profile completion percentage. Aim for 100% to maximize your visibility and customer trust.

Saving and Publishing Changes

When you make changes to your profile:

1. Click "Save Changes" after editing any section
2. Changes are published immediately to the AirAd platform
3. Customers will see updated information right away
4. You can edit your profile as often as needed

⚠️ **Review Before Publishing:** Double-check all information for accuracy before saving, especially your address and phone number. Incorrect information can negatively impact customer experience.

AirAd Logo

Section 6 — Campaigns & Promotions

Drive Customer Engagement with Promotions

Promotional campaigns are powerful tools to attract new customers and increase repeat business. Available to Gold tier and above, these features help you stand out from competitors and drive immediate action from customers.

Accessing Campaign Management

To create and manage your promotional campaigns:

1. Log into your Vendor Portal dashboard
2. Click "Campaigns" in the left sidebar menu
3. View your active campaigns and create new ones

> ⚠️ **Tier Requirement:** Campaign features require Gold tier subscription or higher. Upgrade your plan to unlock these powerful marketing tools.

Discount Campaigns

Create compelling discounts that encourage customers to choose your business:

Creating a Discount Campaign

1. Click "Create New Campaign" and select "Discount"
2. **Campaign Name:** Give your discount a memorable title
3. **Discount Type:** Choose percentage or fixed amount
   - 4. Percentage: "20% off entire order"
   - 5. Fixed amount: "$5 off minimum purchase of $25"

6. **Discount Value:** Set the discount amount or percentage
7. **Minimum Purchase:** Set a minimum order value (optional)
8. **Duration:** Choose campaign start and end dates
9. **Description:** Explain what the discount covers
10. Click "Create Campaign" to publish

Best Practices for Discounts

💡 Effective Offers

10-25% off or $5-10 off works best for most businesses

⏰ Limited Time

Create urgency with 3-7 day campaign durations

📱 Clear Terms

Specify exactly what the discount applies to

🎯 Target Audience

Consider what appeals to your ideal customers

Happy Hour Promotions

Set up recurring happy hour promotions to drive traffic during slower periods:

1. Click "Create New Campaign" and select "Happy Hour"
2. **Promotion Name:** "Afternoon Special," "Evening Happy Hour," etc.
3. **Days of Week:** Select which days the happy hour applies to
4. **Time Range:** Set start and end times (e.g., 3:00 PM - 6:00 PM)
5. **Offer Details:** Describe the special (e.g., "Buy one get one free drinks")
6. **Recurring Schedule:** Set to repeat weekly or monthly
7. Click "Create Happy Hour" to activate

💡 **Timing Strategy:** Schedule happy hours during your typically slow periods to maximize their effectiveness and boost overall daily revenue.

Free Delivery Configuration

Attract more customers by offering free delivery within a specified area:

1. Click "Create New Campaign" and select "Free Delivery"
2. **Delivery Radius:** Set the distance for free delivery (e.g., 3 miles)
3. **Minimum Order:** Set minimum purchase amount for free delivery
4. **Available Hours:** Specify when free delivery is available
5. **Delivery Instructions:** Add any special delivery notes for customers
6. Click "Create Free Delivery Offer" to activate

Campaign Scheduling (Diamond+)

Diamond and Platinum tiers can schedule campaigns in advance:

1. Create campaigns up to 30 days in advance
2. Set exact start and end times down to the minute
3. Configure recurring campaigns for regular promotions
4. Batch create multiple campaigns at once

Monitoring Active Campaigns

Track the performance of your promotional campaigns:

1. **Campaign Dashboard:** View all active campaigns at a glance
2. **Performance Metrics:** Track views, taps, and conversion rates
3. **Customer Engagement:** See how many customers redeem offers
4. **Revenue Impact:** Monitor campaign ROI and revenue lift
5. **A/B Testing:** Compare different offers to see what works best

📊 Key Metrics

Views, taps, redemptions, revenue generated

🎯 Optimization

Use data to refine future campaign strategies

Managing Campaigns

Full control over your promotional campaigns:

1. **Edit Campaigns:** Modify details, extend duration, or update offers
2. **Pause Campaigns:** Temporarily halt campaigns without deleting them
3. **End Campaigns:** Stop campaigns before their scheduled end time
4. **Duplicate Campaigns:** Copy successful campaigns for quick setup
5. **Delete Campaigns:** Remove inactive campaigns from your dashboard

Campaign Compliance Guidelines

Ensure your promotions comply with platform policies:

1. All discounts must be authentic and redeemable
2. Clear terms and conditions for all offers
3. No misleading or false advertising
4. Honor all valid customer redemptions
5. Comply with local business regulations and laws

⚠️ **Policy Violations:** Misleading promotions can result in campaign removal and account suspension. Always be transparent about your offers.

💡 **Success Strategy:** Start with simple, attractive offers and track performance. Use the data to create increasingly effective campaigns that drive real business results.

AirAd Logo

Section 9 — AR Visibility

How Your Business Appears in Augmented Reality

Augmented Reality (AR) is AirAd's signature feature that makes your business visible to customers through their smartphone cameras. When customers use the AirAd app, they see your business floating in the real world - making you impossible to miss and creating a memorable discovery experience.

How AR Visibility Works

Understanding the technology behind your AR presence:

1. **Location Detection:** Customer's phone GPS determines their position
2. **Camera View:** Phone camera shows the real world through the screen
3. **Business Overlay:** Your business appears as a floating bubble/label
4. **Distance-Based:** Businesses appear based on proximity to customer
5. **Interactive Elements:** Customers can tap to learn more about your business
6. **Navigation Integration:** Direct path to your business location

AR Visibility Tiers

Your subscription tier determines how prominently your business appears in AR:

Visibility Feature	Silver	Gold	Diamond	Platinum
Base Visibility Range	500 meters	600 meters	750 meters	1,000 meters
	1.0x	1.2x	1.5x	2.0x

Visibility Feature	Silver	Gold	Diamond	Platinum
AR Ranking Multiplier				
Bubble Size	Standard	Large	Extra Large	Premium
Priority Display	✗	✗	✓	✓
Custom Branding	✗	✗	✗	✓
Animated Effects	✗	✗	✗	✓

Visibility Ranking Factors

Multiple factors determine how prominently your business appears in AR:

1. **Subscription Tier:** Higher tiers get priority placement
   - 2 Platinum businesses appear first
   - 3 Diamond businesses appear second
   - 4 Gold businesses appear third
   - 5 Silver businesses appear last
6. **Profile Completion:** Complete profiles rank higher
   - 7 100% completion gets maximum boost
   - 8 Missing information reduces visibility
   - 9 Regular updates maintain ranking
10. **Customer Engagement:** Popular businesses get boosted
   - 11 High view/tap rates improve ranking
   - 12 Positive customer feedback helps
   - 13 Active campaigns increase visibility
14. **Business Activity:** Active businesses rank higher
   - 15 Regular profile updates
   - 16 Active promotional campaigns

- 17 Recent customer interactions

18 **Location Relevance:** Proximity to searching customers

- 19 Distance from customer
- 20 Customer's search preferences
- 21 Time of day and business hours

Improving Your AR Visibility

Strategies to increase your business prominence in AR:

📊 Complete Your Profile

Fill in all business information for maximum ranking boost

🎯 Run Promotions

Active campaigns increase your visibility score

📈 Upgrade Tier

Higher tiers get significant visibility advantages

⏰ Stay Active

Regular updates keep your business relevant

AR Bubble Customization

How your business appears to customers in AR:

1. **Business Name:** Your primary business identifier
2. **Category Icon:** Visual representation of your business type
3. **Distance Indicator:** How far you are from the customer
4. **Status Badge:** Open/closed status and current promotions
5. **Rating Display:** Customer ratings and reviews (if available)
6. **Call-to-Action:** Quick actions like "Call" or "Get Directions"

Premium AR Features (Platinum)

Platinum tier unlocks exclusive AR enhancements:

1. **Custom Branding:** Your logo and brand colors in AR bubbles
2. **Animated Effects:** Eye-catching animations to attract attention
3. **Extended Range:** Visible from up to 1km away
4. **Priority Placement:** Always appear before lower-tier businesses
5. **Special Badges:** "Premium Partner" and other exclusive indicators
6. **Enhanced Interactions:** Rich media and interactive elements

Customer AR Experience

What customers see and how they interact with your business:

1. Customer opens AirAd app and enables AR mode
2. Your business appears as a floating bubble in their camera view
3. Customer can see your distance and basic information
4. Tapping your bubble reveals detailed business information
5. Customer can call, get directions, or view promotions
6. Navigation guides them directly to your location

AR Visibility Best Practices

Maximize your AR presence with these strategies:

1. **Accurate Location:** Ensure your business address is precise for proper AR placement
2. **Visual Identity:** Use a clear, recognizable logo for instant recognition
3. **Compelling Offers:** Promotions visible in AR attract more customer attention
4. **Regular Updates:** Keep information fresh to maintain high visibility rankings

5. **Customer Engagement:** Encourage customers to interact with your AR presence

> 💡 **AR Advantage:** AR visibility gives you a significant competitive advantage. Businesses that appear in AR get 3-5x more customer engagement than those that don't.

Measuring AR Performance

Track how customers discover you through AR:

1. **AR Views:** How many customers see your business in AR
2. **AR Interactions:** Taps and engagements from AR discovery
3. **AR Conversions:** Customers who visit after AR discovery
4. **AR ROI:** Return on investment from AR visibility

> ⚠️ **Location Accuracy:** Incorrect GPS coordinates can make your business appear in the wrong AR location. Double-check your address and location settings regularly.

Section 10 — Account Management

Managing Your AirAd Account

Your account settings give you control over your security, notifications, and subscription management. This section covers everything you need to know about maintaining your account and optimizing your AirAd experience.

Accessing Account Settings

To manage your account settings:

1. Log into your Vendor Portal dashboard
2. Click your profile name in the top right corner
3. Select "Account Settings" from the dropdown menu
4. View and modify your account preferences

Security Settings

Keep your account secure with these essential security features:

Password Management

1. Click "Security" in the account settings menu
2. Select "Change Password"
3. Enter your current password for verification
4. Create a new strong password (8+ characters, mixed case, numbers)
5. Confirm the new password
6. Click "Update Password" to save changes

💡 **Password Security:** Use a unique password for AirAd that you don't use for other services. Consider using a password manager for maximum security.

Two-Factor Authentication

Add an extra layer of security to your account:

1. Click "Enable 2FA" in security settings
2. Download an authenticator app (Google Authenticator, Authy, etc.)
3. Scan the QR code with your authenticator app
4. Enter the 6-digit code to verify setup
5. Save backup codes in a secure location

Login History

Monitor who has access to your account:

1. View recent login attempts with timestamps
2. See IP addresses and device types
3. Identify any suspicious activity
4. Log out of all sessions if needed

Notification Preferences

Control how and when you receive notifications:

Email Notifications

1. **Customer Interactions:** New views, taps, and messages
2. **Campaign Updates:** Performance alerts and milestones
3. **Account Changes:** Security alerts and important updates
4. **Subscription Billing:** Payment confirmations and renewals
5. **Platform News:** New features and service updates

Section 12 — FAQs

Frequently Asked Questions

Find quick answers to the most common questions about using the AirAd Vendor Portal. These FAQs cover everything from getting started to advanced features.

1. How do I get started with AirAd?

Getting started is easy! Visit portal.airad.com, create an account with your phone number, and follow the step-by-step process to claim your business. The entire setup takes about 10-15 minutes.

2. Is AirAd really free to use?

Yes! AirAd offers a free Silver tier that includes basic business listing, profile management, and fundamental analytics. Premium features like promotional campaigns and voice bot automation require paid subscriptions starting at $29/month.

3. How does the AR visibility work?

When customers use the AirAd mobile app, they can see your business through their phone camera as a floating bubble in the real world. This makes your business impossible to miss and creates an engaging discovery experience.

4. What if I can't receive OTP verification for my business claim?

If you can't access the business phone number, you can use manual verification. Upload business documents like registration certificates, utility bills, or business licenses. Our team typically reviews these within 1-2 business days.

5. Can I change my subscription tier anytime?

Absolutely! You can upgrade, downgrade, or cancel your subscription at any time. Upgrades take effect immediately, while downgrades and cancellations take effect at your next billing cycle.

6. How do promotional campaigns work?

Create discounts, happy hours, or free delivery offers through the Campaigns section. Set your offer details, duration, and terms. Customers see these promotions when they discover your business and can redeem them directly.

7. What is Voice Bot and how does it help my business?

Voice Bot is an automated assistant that handles customer inquiries 24/7. It answers common questions about your business hours, location, services, and current promotions, reducing your workload while improving customer service.

8. How accurate are the analytics?

Our analytics provide real-time insights into customer behavior, including views, interactions, and campaign performance. Data is anonymized and aggregated to protect customer privacy while giving you actionable business intelligence.

9. Can I have multiple business locations?

Yes, you can manage multiple business locations from a single account. Each location needs to be claimed separately, and you can choose different subscription tiers for each location based on your needs.

10. How do I improve my AR visibility ranking?

Improve your ranking by completing your business profile, running promotional campaigns, upgrading your subscription tier, and maintaining regular activity. Higher-tier businesses get priority placement in AR views.

11. What happens if a customer has a bad experience with my business?

Customers can provide feedback through the app. Address issues promptly and professionally. Consistently poor customer experiences may affect your visibility ranking and could lead to account review.

12. Is my business data secure on AirAd?

Yes, we use industry-standard security measures including encryption, secure servers, and regular security audits. Your data is protected and never shared with third parties without your explicit consent.

13. Can I export my business data?

Yes, you can export all your business data including analytics, customer interactions, and campaign performance at any time through your account settings. This ensures you always have access to your valuable business information.

14. What kind of support is available?

Silver tier gets email support, Gold tier adds priority email support, Diamond tier includes chat support, and Platinum tier provides priority phone support. Response times vary by tier from 24-48 hours for Silver to under 2 hours for Platinum.

15. How do I cancel my account?

You can cancel your subscription through account settings. Your subscription continues until the end of your billing period, after which you'll lose access to

premium features. You can export your data before cancellation to keep your business information.

Technical Support FAQs

16. Why isn't my business appearing in AR?

Check that your address is accurate, your business is verified, and you have an active subscription. Also ensure your profile is complete and your business hours are current. Technical issues are rare but can be reported to support.

17. What browsers are supported for the Vendor Portal?

The Vendor Portal works best on modern browsers including Chrome, Firefox, Safari, and Edge. For the best experience, keep your browser updated to the latest version and enable JavaScript.

18. How do I report bugs or technical issues?

Report technical issues through the support section of your account dashboard. Include details about your browser, device, and steps to reproduce the issue. Screenshots are helpful for faster resolution.

Billing and Payment FAQs

19. What payment methods do you accept?

We accept all major credit cards through our secure Stripe payment processor. Payment information is encrypted and never stored on our servers. You can update your payment method anytime in account settings.

20. Can I get a refund if I'm not satisfied?

We offer a 30-day money-back guarantee for new subscriptions. If you're not satisfied with the service, contact support within 30 days of your first payment for a full refund.

21. Are there any hidden fees?

No hidden fees! The price you see is the price you pay. All features included in your subscription tier are available at no additional cost. Optional add-ons or custom services are clearly priced before purchase.
